### Cleveland Clinic Foundation
Desk A42  
9500 Euclid Ave.
Cleveland, OH 44195
Gordon Blackburn Ph.D., (216) 444-8300
Cleveland Clinic is a large multidisciplinary, urban tertiary care hospital. The department of Cardiology had been ranked number one in the nation for the past four years. The Cardiac Rehabilitation program has both inpatient and outpatient facilities. Over 4,000 patients are treated annually in Phase I, and 11,000 GXTs are conducted per year. Up to 60 patients can be seen daily in Phase II and III. The Cardiac Rehabilitation program is part of the Section of Preventative Cardiology and incorporates aggressive risk stratification and risk reduction strategies as part of each patient care plan.

Walk with a Doc
495 Cooper Road, Suite 209
Westerville, OH 43081
Rachael Habash, (614) 714-0407
rachael@walkwithadoc.org
*Summer and Autumn Internship Opportunities Only*
Walk with a Doc was started in 2005 by Dr. David Sabgir, a cardiologist in Columbus, Ohio. Frustrated with his inability to affect behavior change in the clinical setting, Dr. Sabgir invited his patients to go for a walk with him in a local park on a spring Saturday morning. To his surprise, over 100 people showed up, energized and ready to move.

Since that first event in 2005, Walk with a Doc has grown as a grassroots effort, with a model based on sustainability and simplicity. [A doctor gives a brief presentation on a health topic and then leads participants on a walk at their own pace. Healthy snacks, coffee and blood pressure checks are also a standard part of a Walk with a Doc event.] The Walk added an Executive Director in 2009 and focused on building a program that could easily be implemented by interested doctors in other cities around the country. As a result of these efforts, the reach of Walk with a Doc now extends all around the globe with over 300 chapters worldwide! Contact Rachael Habash, Executive Director, to find out how you can help make a difference.
